The State and School Employees' Health Insurance Plan

Benefit Changes

\$25 Office Visit Copay

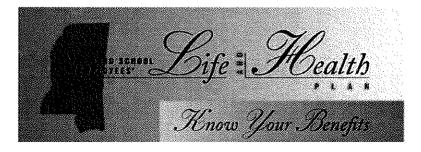

- Applies to participants with Select Coverage
- \$25 Copay covers in-network PCP office visit charge only no deductible or coinsurance
- PCP: family physicians, general practice physicians, gynecologists, internists, pediatricians, and registered dieticians
- Participant owes 20% of other services performed (i.e., labs, x-rays)
- Regular Plan benefits apply to out-of-office lab services
- Does not apply to specialist providers, out-of-network providers, hospital visits

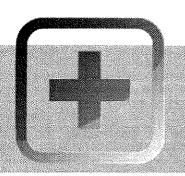

Maternity Management

- 100% coverage for covered routine physician prenatal care and delivery services provided by a network physician for participants who complete the maternity management program
- Regular Plan benefits apply to hospital and anesthesiologist services
- Benefit is for the enrollee and dependent spouse
- Participants who choose not to complete the program, regular Plan benefits will apply
- Contact ActiveHealth at (866) 939-4721 for information

Imaging Services

Pre-certification for outpatient imaging services (MRI, CT, CAT scans, etc.) will be eliminated beginning January 1, 2016

Contraceptive Coverage

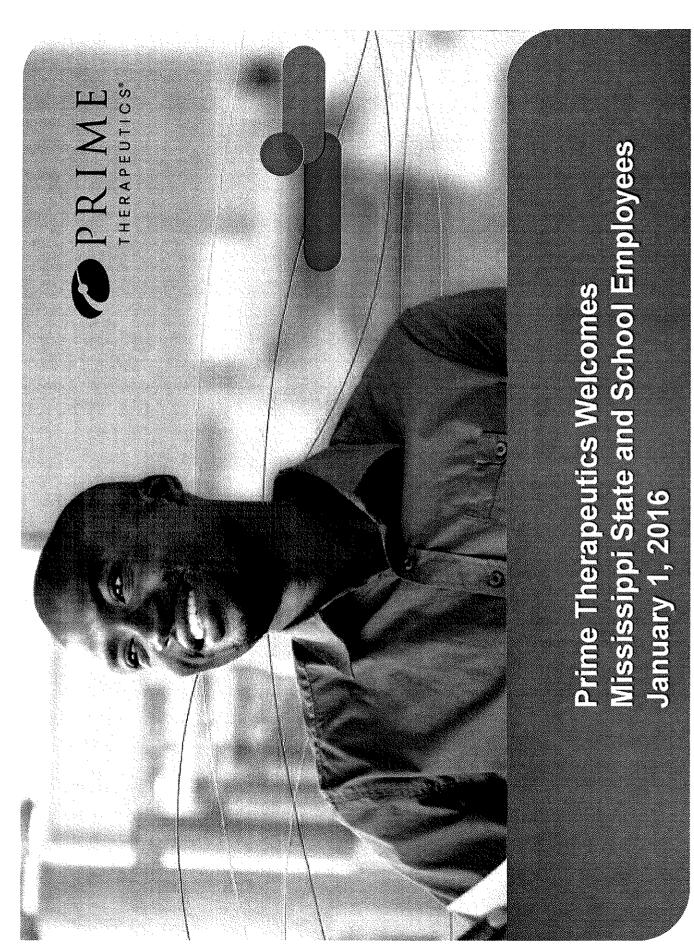

- All FDA-approved generic contraceptive drugs are currently covered at no cost to participants
- Recent federal guidelines require coverage of at least one form of contraception within each method identified by the FDA, at no charge to the participant
- Coverage at 100% for certain brand contraceptives when a generic is not
 available or not medically appropriate
- When generic becomes available, brand copay will apply

Chiropractic Care

- Current annual limit is \$2,000 per participant
- New annual limit is 30 visits per participant

5424-B © Prime Therapeutics LLC Confidential

Starting January 1st, Prime Therapeutics (Prime) will be the pharmacy benefit manager for Mississippi State and School Employees' Life and Health Plan. Prime will manage your prescription coverage, process claims and provide clinical services as needed.

O How do I get started?

- In December, Prime will mail you a welcome packet with your new ID cards.
- Just present your ID card at the pharmacy when you're ready to fill a prescription on or after January 1st.
- We are preparing our staff to take calls and answer your questions. They will be able to help you get started.
- Prime has a broad pharmacy network that includes most major pharmacy chains.

O How do I get started with PrimeMail?

- PrimeMail is the home delivery pharmacy service for Prime Therapeutics.
- On or after January 1st, visit the PrimeMail web page on MyPrime.com where you can request new prescriptions, update health and allergy information and also payment information.
- For current home delivery users, Prime is working with your current home delivery pharmacy to get those prescriptions transferred to PrimeMail.

How do I get started with PrimeMail? continued

- You can have your doctor send your prescription electronically or via fax. You can also mail in your prescriptions to Prime.
- We are preparing our staff to take calls and answer your questions. They will be able to help you get started.

• How can I enroll with Prime Specialty Pharmacy?

- With Prime Specialty, you'll have the support of a skilled care team. It includes nurses, pharmacists and service professionals who understand your condition and it's treatment.
- A member of your support team can also provide you information about financial assistance programs.
- We are preparing our staff to take calls and answer your questions.
- Specialty pharmacy options are available in your network

© Prior Authorizations

- Certain prescription drugs require approval. At Prime, less than 10% of drugs require Prior Authorization.
- Prime is working with your current pharmacy benefit manager to transfer existing prior authorizations.
- Should your drug require prior authorization in 2016, talk to your doctor about approval or alternative medicines.
- Prior Authorization forms can be found on MyPrime.com or by calling Prime.
