

When my mom was sick, we'd text every day.
I'd ask her things like, "how are you doing, how are you feeling?"
And I'll never forget—one day she said, "I just wish I didn't hurt today."
Get screened. Catch it early.

Do it for me, do it for yourself, and do it for the people who love you.

#getscreened4dak

If you are over 50, or if you have a family history of colon cancer, talk to your doctor today about getting screened.
