Core Objectives of Criminal Justice Graduate Program:	Upon completion of the graduate program the student should be able to: 1. Demonstrate an understanding of the core issues and principles governing the operations of the different components of the criminal justice system (Police, Courts and Corrections). 2. Analyze the theoretical formulations that explain crime, its prevention and control. 3. Apply research methodological skills appropriate for criminal justice research. 4. Express knowledge of the discipline through competent writing.
Course Description	Extensive coverage of methods and techniques for social research.

Expected Student Learning Outcomes	Upon completion of this course, the student should be able to: 1. Identify basic principles for research practices; 2. Discuss crucial techniques for criminal justice researches; 3. Develop deep perspectives on criminal justice researches.

Course Requirements

Required Textbook(s):	*The Practice of Research in Criminology and Criminal Justice* Ronet Bachman & Russell Schutt SAGE Publications, Inc ISBN: 9781506306810 6th Edition (2017).
Technology Skills	Basic computer skills, working within Windows system environment, navigating the internet, and familiarity with E-mail.
Class Attendance Policy:	Each student is required to participate in using Blackboard Communication Tools, taking online exams, and other aspects of Blackboard. You are expected to log in regularly (daily, perhaps several times per day) to submit assignments, check grades, personal messages, and view course materials. Student(s) who fail to participate in the online course during a course week will be deemed absent for that week. The absence will be annotated as <u>absent unexcused</u> (AU), unless the professor has been informed beforehand and deemed the absence as <u>absent excused</u> (AE). The professor shall report all absences to the main campus as required. A student who has not participated for 7 consecutive days regardless if the absences were deemed AU or AE shall be recommended for administrative withdrawal to the main campus. In a traditional classroom just because a student contacts the professor and is excused from a scheduled class meeting does not mean the student is given credit for participation or attendance. The student is still annotated as AU or AE**. The online classroom shall be no different in this respect.** It is the professor's sole discretion as to what he/she shall consider AU or AE.
Submission of Assignments:	**Scheduled assignments MUST be completed and successfully submitted through the Blackboard Assignment Tool** (drop box) by due date and time.

Assignments automatically become unavailable after the due date/time expires.

All assignments MUST be keyed using MS Word or saved as a .DOC or DOCX file and no multiple submissions will be allowed.

1. DISCUSSIONS

All discussions are designed as short essays and corresponding scheduled class discussion meetings. Meanwhile, some interactive discussions under the folder of "Discussion Forum" will be assigned.

Submit all discussion essays as an attached file.

Topics, Guidelines, and Rubric for discussion essays will be issued separately.

The Rubric (Online Discussion Rubric) is applied for all discussion essays.

Interactive discussions under the folder of "Discussion Forum" may not be bound by the Rubric but should be clear at least without grammar, spelling, or typing errors.

Do NOT submit interactive discussion as an attached file.

2. QUIZZES

All quizzes consist of multiple choice questions.

Be certain to read ALL pertinent materials prior to taking quizzes. Not doing so will certainly lead to disappointing results.

3. RESEARCH PROPOSAL

Submit Research Proposal as an attached file.

Students are required to write a research proposal on a topic addressing issues concerning **research techniques/process**. The proposal should fully discuss the issue or topic to the comprehension of a lay person.

	Guidelines & Topics of Research Proposal will be issued separately. The proposal is to follow the APA style. For information on APA style, consult**:** http://www.wisc.edu/writing/handbook/DocAPAReferences.html. The textbook of this course can be used as a required reference book for this proposal. Please note that spelling, punctuation, sentence structure, grammar, and the general content will factor prominently in determining the proposal grades. Please note that "personal attack" is unacceptable during discussions or conversations. "Personal attack" refers to making any negative comments on the person her/himself who presents the ideas rather than on the presentation of ideas itself for downgrading the presentation of the ideas during discussions or conversations.
Make-up Policy:	Make up maybe allowed, depending on the circumstances with an excuse. It is at the professor's discretion and with students' request before the deadlines of quizzers, exams, or assignments.
Course Drops/Incompletes:	Students not completing the course for any reason are required to submit official drop notices to the Registrar's Office prior to the deadline date. **This is your responsibility**. Failure to comply with the procedure <u>WILL</u> result in your receiving a letter grade of "**F**".
Cheating and Plagiarism Policy:	Cheating in any fashion will not be tolerated, including but not limited to plagiarizing another's words, work or ideas on individual class assignments. To address the situation of plagiarism, the University has implemented *Turnitin* to fight plagiarism and improve reading, writing, and research skills. *Turnitin* is a comprehensive plagiarism prevention system that lets faculty quickly and effectively check all students' work. Results are based on exhaustive searches of billions of pages from both current and archived instances on the Internet. Plagiarism will result in at least a failing grade for the assignment(s) and/or course.

Course Access	Access Blackboard course at http://mvsu.blackboard.com or www.mvsu.edu click on Blackboard for detailed instructions regarding assignments.
Teaching/Learning Strategies	The primary instructional model for this course is collaborative learning. Specifically, the professor will set course content, course objectives, and methods of classroom assessment. The course will incorporate the following instructional strategies: class discussion, online activities, assigned readings, quizzes, and/or individual projects. Students are encouraged to actively participate in activities, ask questions, and contribute comments for discussion. Students are also encouraged to offer input regarding instructional strategies and assignments. Most importantly, it is students' responsibility to be active learners and to ask for clarification when they have any questions. In order to be successful in the class, it is important that students must read the assigned material, submit assignments and participate in discussions of what they have read. The goal of this approach is to develop a safe learning environment that addresses a variety of learning styles, promotes critical thinking, and fosters creativity.
