Catalog Course Description: An internship course designed to familiarize students with the practical workings of a selected agency of the criminal justice system. The internship consists of a tour of duty in any criminal justice agency. Internship may be substituted with regular courses if a student, after genuine efforts, is unable to secure placement, with the approval of the department chair. A total of 240 hours is required for the internship program.

NOTE: Every student intern will receive a Criminal Justice Internship Program Student Packet to be used as a guide along with the course syllabus.

Course Goal: The goal of this course is to ensure that students who have completed the internship program are ready for employment upon graduation.

Criminal Justice Undergraduate Program Student Learning Outcome: Upon completion of the undergraduate program in criminal justice, the student should demonstrate understanding of:

2. The social, economic and political forces that influence the definition and response to crime in America.
3. The history, development and operations of the criminal justice system.

Student Learning Outcome: At the end of the internship program, the student is expected to:
1. Demonstrate basic competency in criminal justice administration.
2. Understand the relationship between theory and practice in the real world of criminal justice administration.
3. Be familiar with the policies and practices of the criminal justice agency in which he/she was placed.

Make-Up Policy: Makeup will be based on unforeseen circumstances or emergency situations (e.g., serious illness, accidents, jury duty, death in the immediate family) that make it impossible for the student to complete the course requirements on schedule. In that case, the student must request the make-up and obtain the Internship Coordinator’s approval before the make-up.
