▪ RETIREMENT PLAN

Public Employees Retirement System of Mississippi (PERS) is the retirement plan offered by Mississippi Valley State University. PERS is a governmental defined benefit plan qualified under Section 401(a) of the Internal Revenue Code. A defined benefit plan determines a member's retirement benefit using a formula based on the member's average compensation, years of creditable service, and the benefit payment option selected at retirement. As a participant, employees contribute 9.00% of gross income (income before taxes are deducted) and MVSU contributes 15.75% of the employees' gross income into the retirement plan. Effective July 1, 2019, employer contribution will increase from 15.75% to 17.40%. Employee contributions are not taxable for income tax purposes until they are either withdrawn as a refund or monthly benefits. There is a penalty for early withdrawal from the retirement plan. However, employees are not fully vested at 100% until after four or eight years of continuous service depending on hired date. Vesting means the extent to which an employee and your beneficiaries are entitled to contributions in their retirement plan. In addition, PERS offer disability and survivor protection. The retirement plan is available online: www.pers.state.ms.us

▪ OPTIONAL RETIREMENT PLAN

Prior to July 1, 1990, all eligible employees of the Institutions of Higher Learning were covered under PERS; however, in the 1990 Legislative session, the Institutions of Higher Learning (IHL) were instrumental in getting House Bill 1070 passed which made an optional retirement plan available to the IHL teaching and administrative faculty. The Optional Retirement Plan (ORP) is a governmental defined contribution plan qualified under Section 401(a) of the Internal Revenue Code. This alternative plan is structured so as to be portable and transferable as teaching and administrative staff move from one state to another.

In order to participate in the Optional Retirement Plan, an employee must first be eligible to participate in PERS. Therefore, the individual must first be in a covered position. If initially employed in a qualifying position after July 1, 1990, an eligible employee has the option to elect to participate in the Optional Retirement Plan. This option is only available during the first 30 days of employment. If no election is made during that period of time, the employee automatically becomes a member of PERS. The decision is then irrevocable. Information on the three ORP retirement plans is included in the new employee orientation packet. It is also available in the Human Resource department.

Remember that you must act within 30 days of employment. If you take no action, you will automatically become a member of PERS.

If one choose to enroll in the Optional Retirement Plan, your member account will consist of your contributions of 9.00% and employer contributions of 17.40% (14.751% to individuals fund and 2.649% goes to PERS to fund the unfunded accrued liability and is never a benefit to the employee. Your account will be 100% vested on day one.

FLEXIBLE BENEFITS/CAFETERIA PLAN

The university has a flexible/cafeteria plan which was established under provisions of Section 125 of the Internal Revenue Code. The Cafeteria Plan allows employees to pay certain insurance premiums, major un-reimbursed medical expenses before tax rather than after tax dollars. Employees may choose to participate in the plan at the time of employment or at the annual enrollment that is held in October each year.

Employees who choose to participate in the Flexible Benefits/Cafeteria Plan must agree to remain in the plan for the plan year (January 1 through December 31). The only exception to this rule involves having a major change in family status such as employment, marriage, divorce, death, or ineligible dependents.

TAX-SHELTERED ANNUITIES

Employees of the University are eligible to participate in a Tax-Sheltered annuity plan provided by Section 403 (b) of the Internal Revenue Code of 1954, as amended. The amount of annuities that an employee may authorize the university to purchase for him/her in lieu of a portion of which salary otherwise payable directly to him/her is determined by a formula prescribe by the Internal Revenue Code and Regulations.

The amount of such annuity premiums is not reported annually as taxable income on the employee's Form W-2, and payment of Federal/State income tax on these funds is not required until the annuity contract matures, is canceled, or is determined to be taxable under the regulations.
