| Prerequisite: | ED 102; SO 213 | |
| Required Technology Skills: | Students in this class are expected to be efficient in the use of computers including the internet, and power point. | |

CATALOG COURSE DESCRIPTION

Study of the theories and research related to human behavior and the social environment as they relate to understanding and describing human similarity and diversity and interactional processes from conception to young adulthood.

COURSE DESCRIPTION

This course covers theories and concepts of human behavior and the social environment as they relate to understanding and describing human similarity, diversity, and interactional processes from conception to young adulthood.

DEPARTMENT OF SOCIAL WORK/BSW PROGRAM MISSION

The mission of the Department of Social Work at Mississippi Valley State University is to prepare graduates to practice with individuals in need and populations at risk in rural areas. The Bachelor of Social Work (BSW) Program prepares students to apply the knowledge and skills of generalist social work practice with individuals, families, groups, organizations and communities. Through the curriculum, the program instills in student's social work knowledge, values, and skills in a manner which enables students to work with diverse populations in a wide range of settings. Concurrently, special emphasis is placed on social work practice with impoverished minorities living in rural regions, such as the Mississippi Delta in which the University is located and committed to serve, as well as rural areas globally.

BSW PROGRAM GOALS

- 1. Educate students for entry level social work positions for generalist practice with individuals, families, groups, organizations and communities.
- 2. Provide students with the necessary knowledge and skills for working with diverse populations, including oppressed, minority and rural populations.
- 3. Instill in students a professional social work identity which incorporates the values and ethics of the profession.

| Competencies | Competencies Description |
|---|--|
| Competency 1: Demonstrate Ethical and | Social workers understand the value base of |
| Professional Behavior | the profession and its ethical standards, as |
| | well as relevant laws and regulations that may |
| | impact practice at the micro, mezzo, and |
| | macro levels. Social workers understand |
| | frameworks of ethical decision-making and |
| | how to apply principles of critical thinking to |
| | those frameworks in practice, research, and |
| | policy arenas. Social workers recognize |
| | personal values and the distinction between |
| | personal and professional values. They also |
| | understand how their personal experiences |
| | and affective reactions influence their |
| | professional judgement and behavior. Social |
| | workers understand the profession's history, |
| | its mission, and the roles and responsibilities |
| | of the profession. Social workers also |
| | understand the role of other professions when |
| | engaged in inter-professional teams. Social |
| | workers recognize the importance of life-long |
| | learning and are committed to continually |
| | updating their skills to ensure they are |
| | relevant and effective. Social workers also |
| | understand emerging forms of technology and |
| | the ethical use of technology in social work |
| Commentaria and Andreas Hormon Distant | practice. |
| Competency 2: Advance Human Rights | Social workers understand that every person |
| and Social, Economic, and Environmental Justice | regardless of position in society has fundamental human rights such as freedom, |
| Justice | safety, privacy, an adequate standard of |
| | living, health care, and education. Social |
| | workers understand the global |
| | interconnections of oppression and human |
| | rights violations and are knowledgeable about |
| | theories of human need and social justice and |
| | strategies to promote social and economic |
| | justice and human rights. Social workers |
| | understand strategies designed to eliminate |
| | oppressive structural barriers to ensure that |
| | social goods, rights, and responsibilities are |
| | distributed equitably, and that civil, political, |
| | environmental, economic, social, and cultural |
| | human rights are protected. |
| Competency 3: Engage in Policy Practice | Social workers understand that human rights |
| | and social justice, as well as social welfare |

| | and services, are mediated by policy and its |
|--|---|
| | implementation at the federal, state, and local |
| | levels. Social workers understand the history |
| | and current structures of social policies and |
| | services, the role of policy in service delivery, |
| | and the role of practice in policy |
| | development. Social workers understand their |
| | role in policy development and |
| | implementation within their practice settings |
| | at the micro, mezzo, and macro levels and |
| | they actively engage in policy practice to |
| | effect change within those settings. Social |
| | workers recognize and understand the |
| | historical, social, cultural, economic, |
| | organizational, environmental, and global |
| | influences that affect social policy. They are |
| | also knowledgeable about policy formulation, |
| | analysis, implementation, and evaluation. |
| Competency 4: Engage in Practice- | Social workers understand quantitative and |
| informed Research and Research-informed | qualitative research methods and their |
| Practice | respective roles in advancing a science of |
| Tractice | |
| | social work and in evaluating their practice. |
| | Social workers know the principles of logic, |
| | scientific inquiry, and culturally informed and |
| | ethical approaches to building knowledge. |
| | Social workers understand that evidence that |
| | informs practice derives from multi- |
| | disciplinary sources and multiple ways of |
| | knowing. They also understand the processes |
| | for translating research findings into effective |
| ~ ~ ~ ~ ~ ~ | practice. |
| Competency 5: Engage in Policy Practice | Social workers understand that human rights |
| | and social justice, as well as social welfare |
| | and services, are mediated by policy and its |
| | implementation at the federal, state, and local |
| | levels. Social workers understand the history |
| | and current structures of social policies and |
| | services, the role of policy in service delivery, |
| | and the role of practice in policy |
| | development. Social workers understand their |
| | role in policy development and |
| | implementation within their practice settings |
| | at the micro, mezzo, and macro levels and |
| | they actively engage in policy practice to |
| | effect change within those settings. Social |
| | workers recognize and understand the |
| | workers recognize and understand the |

| | historical, social, cultural, economic, organizational, environmental, and global influences that affect social policy. They are also knowledgeable about policy formulation, analysis, implementation, and evaluation. |
|---|--|
| Competency 6: Engage with Individuals, Families, Groups, Organizations, and Communities | Social workers understand that engagement is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers value the importance of human relationships. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge to facilitate engagement with clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand strategies to engage diverse clients and constituencies to advance practice effectiveness. Social workers understand how their personal experiences and affective reactions may impact their ability to effectively engage with diverse clients and constituencies. Social workers value principles of relationship-building and inter- professional collaboration to facilitate engagement with clients, constituencies, and other professionals as appropriate. |
| Competency 7: Assess Individuals, Families, Groups, Organizations, and Communities | Social workers understand that assessment is an ongoing component of the dynamic and interactive process of social work practice with, and on behalf of, diverse individuals, families, groups, organizations, and communities. Social workers understand theories of human behavior and the social environment, and critically evaluate and apply this knowledge in the assessment of diverse clients and constituencies, including individuals, families, groups, organizations, and communities. Social workers understand methods of assessment with diverse clients and constituencies to advance practice effectiveness. Social workers recognize the |

| | implications of the larger practice context in |
|--|---|
| | the assessment process and value the |
| | importance of inter-professional collaboration |
| | in this process. Social workers understand |
| | how their personal experiences and affective |
| | reactions may affect assessment and decision- |
| | making. |
| Competency 8: Intervene with Individuals, | Social workers understand that intervention is |
| Families, Groups, Organizations, and | an ongoing component of the dynamic and |
| Communities | interactive process of social work practice |
| | with, and on behalf of, diverse individuals, |
| | families, groups, organizations, and |
| | communities. Social workers are |
| | knowledgeable about evidence-informed |
| | interventions to achieve the goals of clients |
| | and constituencies, including individuals, |
| | families, groups, organizations, and |
| | communities. Social workers understand |
| | theories of human behavior and the social |
| | |
| | environment, and critically evaluate and apply |
| | this knowledge to effectively intervene with |
| | clients and constituencies. Social workers |
| | understand methods of identifying, analyzing |
| | and implementing evidence-informed |
| | interventions to achieve client and |
| | constituency goals. Social workers value the |
| | importance of inter-professional teamwork |
| | and communication in interventions, |
| | recognizing that beneficial outcomes may |
| | require interdisciplinary, inter-professional, |
| | and inter-organizational collaboration. |
| Competency 9: Evaluate Practice with | Social workers understand that evaluation is |
| Individuals, Families, Groups, | an ongoing component of the dynamic and |
| Organizations, and Communities | interactive process of social work practice |
| | with, and on behalf of, diverse individuals, |
| | families, groups, organizations and |
| | communities. Social workers recognize the |
| | importance of evaluating processes and |
| | outcomes to advance practice, policy, and |
| | service delivery effectiveness. Social workers |
| | understand theories of human behavior and |
| | the social environment, and critically evaluate |
| | and apply this knowledge in evaluating |
| | outcomes. Social workers understand |
| | qualitative and quantitative methods for |
| | quantario and quantitative methods for |

| | evaluating outcomes and practice effectiveness. |
|---------------------|---|
| Rural Competency 10 | Demonstrate knowledge and skills to apply a bio-psychosocial-cultural-spiritual perspective in advanced social work practice with children and families. |
| Rural Competency 11 | Integrate knowledge of rural values and customs into autonomous social work practice with children and families. |

EXPECTED PRACTICE BEHAVIORS

COURSE REQUIREMENTS

Required Textbook:

Zastrow, C., Kirst-Ashman, K.K., & Hessenauer, S.L. (2018). Understanding human behavior and the social environment. (11th ed.). Boston, MA: Cengage Learning.

******All students must have the most recent textbook for this course, as it is a road map to help students successfully navigate through the course******

Class Attendance Policy:

Class attendance is required. Students are expected to attend all class sessions. If a class is missed, the student is still responsible for any announcements, handouts, or material presented in class. More than three unexcused absences will affect your grades. You are not expected to be late to class. However, please NOTE 3 tardiness= one absences. A tardy is defined as being 5 minutes late for class. If you are more than 10 minutes late for class, it is best that you consider not attending class so that you will not disturb the flow of class. If you are absent from class for any reason, you are responsible for all work you missed, as well as for any assignments missed on the day(s) of your absence (s). Ten points will be deducted each time is class is missed and students are tardy!

Classroom Guidelines/ Professional Conduct

Everyone will give respect and act in a professional manner. Students are to dress appropriately each class meeting. Students are not allowed on cellular devices or any other electronic devices (laptops) during class sessions, a letter grade of zero (0) will be given without being notified!

Respect: Please respect everyone in the classroom. When students are presenting or asking a question, please refrain from talking because important information may be missed!

Policy and Procedure on Cheating and Plagiarism

Philosophy

Honesty and integrity are essential values of Mississippi Valley State University's mission to pursue truth and knowledge. All persons – administrators, faculty, staff, and students – share the responsibility for achieving high standards of excellence. Academic dishonesty of any kind negates this mission and is antithetical to the development of morally and ethically sound human beings. Therefore, Mississippi Valley State University will not tolerate cheating or plagiarism in any form. Cheating and plagiarism compromise the process of fair and equitable evaluation conferred by the University. Students who engage in such activities deny themselves the opportunity to benefit from accurate assessment and feedback and prevent full academic and personal development.

Responsibility

Although the faculty of Mississippi Valley State University is responsible for establishing the standards for moral and academic excellence in teaching and learning, these standards can be reached only with the cooperation and support of students. Each student is expected, therefore, to accept responsibility for maintaining honesty and integrity in all endeavors inside and outside the classroom, studio, or laboratory. Faculty encourages ethical behaviors by: establishing an atmosphere of respect in the classroom; stating clearly on the syllabus their standards and expectations for academic performance, structuring learning situations that encourage honesty and deter cheating and plagiarism; and for presenting and enforcing the University's policy on academic dishonesty.

Definitions

Cheating is the actual or attempted practice of fraudulent or deceptive acts for the purpose of improving one's grade or obtaining course credit. Such behavior also includes assisting another student in such practice. Although cheating is often associated with examinations, it is the intent of this definition that the term "cheating" not be limited to examination situations only, but also that it includes all actions by a student that are intended to gain an unearned academic advantage by fraudulent or deceptive means.

Plagiarism is a specific type of cheating which consist of the misuse of the published and/or unpublished works of others by misrepresenting the intellectual property of others as one's own ideas or works. Please refrain from using paraphrasing sites to paraphrase copied/paste internet sources. Turnitin will be required for all assignments. A submitted assignment on Turnitin.com percentage cannot exceed 10%. If over 10%, the assignment will receive a grade of a "0."

Academic Sanctions for Cheating or Plagiarism

When a faculty member responsible for a course has reason to believe that an action of a student falls within one or both aforementioned definitions, the faculty member should initiate a conference with the student to present the student with the charge and the evidence. If the student admits to the wrong doing, the instructor shall impose an academic sanction. The instructor has the prerogative of lowering the grade, assigning a grade of "0" or "F" for the work submitted, assigning an "F" for the entire course, or recommending another penalty, including dismissal from the University. In the advent that the student does not admit wrong doing or that no

mutually agreeable settlement is reached as a result of the faculty-student conference, the faculty member will consult the department chair.

Academic Integrity Policy for Inclusion in Syllabi

Academic integrity is a commitment to the values of honesty, trustworthiness, fairness, respect and responsibility in academia. Academic integrity is violated by any dishonest act that is committed in an academic context. Honesty and integrity are essential values of the Mississippi Valley State University's mission to pursue truth and knowledge. Academic excellence can be reached only with the cooperation and support of students. Students are expected therefore to accept responsibility for maintaining honesty and integrity in all acts inside and outside the classroom, studio or laboratory.

For a detailed description of sanctions and appeal procedures, consult Student Handbook pg.59. https://www.mvsu.edu/sites/default/files/student_handbook_

Make-up Examination Policy:

It is the responsibility of the student to request to make up an examination within one week following the missed examination. The decision rests with the class instructor as to whether a student will be allowed to make up the test. The decision will be based on whether the instructor considers the reason for missing the examination to be justifiable.

No assignment will be accepted after the due date (Please do not ask for special consideration). Students may take a missed exam within five days under normal circumstances. More days will be allowed for certain situations, but students must have a valid and proof excuse.

Maternity Policy:

It is the policy of this class to accommodate students in need of maternity leave. However, students must arrange with the professor to successfully complete this course. Students must complete a progress plan before beginning maternity leave. A copy of this plan will be given to the student and placed in the student's folder. Students in need of leave should inform the professor at the beginning of the course.

Teaching/Learning Strategies:

Various teaching methods will be used to meet the course objectives and stimulate discussions in the class. Students are expected to participate in discussion and share their thoughts regarding issues being discussed. This class will be formatted in order to accommodate the use of videos, assigned readings and presentations as well as lecturing. Guest speakers who are experienced in mental health assessment will present information to help students to understand the progression of mental illness and the cutting-edge intervention to help those diagnosed with mental illness to live and maintain a healthier emotional being.

Required Tasks/Activities:

- 1. Assignment
- 2. Quiz
- 3. Exams
- 4. Group PowerPoints
- 5. No extra credit assignments will be given!

Evaluation Procedures:

Grading for this course will be based upon the following:

| Total Points for Class: | 1000 points |
|--------------------------------|-------------|
| Syllabus Quiz | 100 points |
| Six Exams | 600 points |
| Group Chapter PP Presentations | 200 points |
| Research Paper | 100 points |

Performance Standards:

Grading Scale

1000 - 950 points = A 949 - 899 points = B 898 - 848 points = C 847 - 797 points = D 796 < points = F

Americans with Disabilities Act: Services for Students with Disabilities (SSD)

Mississippi Valley State University is committed to providing reasonable accommodations for students with a documented disability. If you feel you are eligible to receive accommodations for a covered disability (medical, physical, psychiatric, learning, vision, hearing, etc.) and would like to request it for this course, you must be registered with the Services for Students with Disabilities (SSD) program administered by University College. It is recommended that you visit the Disabilities Office located inside the EMAP Computer Lab in the Technical Education (IT) Building to register for the program at the beginning of each semester. If you are determined to be eligible after your confidential consultation, you will be provided with a Memo of Accommodations that must be submitted to each of your instructors.

For more information or to schedule an appointment, please contact Mr. Billy Benson, Jr. via phone or email at 662-254-3005 or <u>billy.benson@mvsu.edu</u>.
